(4) The programme duration refers to the number of student full-time equivalents according to which the programme is structured. A full-time equivalent corresponds to one year of work by a full-time student and corresponds to an annual workload of 1650 working hours corresponding to 60 ECTS credits (European Credit Transfer System). The workload includes scheduled classes, preparation for classes, completion of written assignments, other teaching activities, independent study as well as preparation for, and participation in examinations.

### Admission requirements

1A. To be eligible for admission to the Master of Science (MSc) in Social Sciences programme, a student must hold a relevant bachelor degree or any other relevant degree that has provided them with the corresponding knowledge, competencies and skills.

(2) In order to ensure adequate academic progression from the qualifying bachelor degree to the Master of Science (MSc) in Social Science in Management of Creative Business Processes, applicants must have achieved at least 30 ECTS-points within specific areas.

(3) When applying for admission to the English-medium concentrations, students must as a rule be able to document appropriate English skills similar to the Danish A-level.

(5) In cases where a maximum number of places has been determined for programme concentrations pursuant to (1), the supplementary degree regulations for the relevant concentrations will provide the admission criteria if the number of qualified applicants exceed the number of available places.

(6) More information about the 30 ECTS areas and the application procedure can be found [here](#).

### Additional admission requirements

1B. Admission may be granted to students who do not meet the requirements stated in 1A., but who, based on individual assessments in each case, are deemed to possess corresponding educational qualifications; see however 1A. subsections (3) and (4). In this connection students may be required to pass supplementary tests.

## **Purpose**

2. The Master of Science (MSc) in Social Sciences programme is a graduate, theoretical degree programme based on a relevant bachelor or corresponding degree.

The objective of the Master of Science (MSc) in Social Sciences programme is to qualify graduates to identify and analyse complex social and business economic issues based on theoretical and methodological competencies and skills in a diversity of academic and professional traditions, thus preparing them to serve in private and public enterprises and organisations.

(2) With these acquired competencies and skills, graduates, through a use of a combination of a holistic outlook and specialist knowledge, will be able to make use of their in-depth knowledge of the field while simultaneously absorbing, producing and applying new information when solving social and business economic issues. The Master of Science (MSc) in Social Sciences programme is a graduate, theoretical degree programme based on a relevant bachelor or corresponding degree.

(3) Throughout the programme, students also receive training in handling and solving cross disciplinary issues in collaboration with individuals that have the same or a different educational background. The program is designed to attract and accommodate bachelors with a variety of educational profiles. The program aims at utilizing students' different bachelor background by facilitating collaboration as well as enabling and encouraging the development of individual profiles and specializations through in-dept business project work. To facilitate optimal integration of different student background the program first provides students with an introduction to theories on creative industries and practical examples. Subsequently, courses rapidly progress in intensity, scope, and analytical levels. The progression in content is accompanied by a gradual change in the nature of assignments and interactions with practitioners from simpler, one-dimensional cases to multifaceted and convoluted challenges with more than one possible solution. The aim is to provide students with competences to engage seamlessly with real life situations in small and large companies and organizations where managing creative business processes is an issue.

(4) The CBP program provides the students with a comprehensive set of capabilities targeted to the particular requirements needed when managing creative business processes. Students who successfully complete the program will have acquired relevant tools and skills to address managerial issues set on the borderline between art and commerce. The CBP program will provide the students with such competence as to enable them to:

a. understand the specific nature of creative industries and the particular ways in which they differ from other industries. Creative business processes are often part of the core of firms belonging to the creative industries, but significant creative activities are also found in many other industries regardless of levels of technology. However, understanding creative industries is a prerequisite for understanding many creative business processes,

b. be familiar with main issues of management, strategy, marketing and property rights in the creative industries and regarding creative activities in other industries,

c. conduct analyses of specific markets in practice; use the skills for strategic considerations and decisions. The program equips students with the mindset and analytical apparatus to comprehend, describe, investigate and analyze a broad range of such issues relevant for managerial decision making on many levels of the organization. Students are encouraged and stimulated to develop their

own professional profile by extensive case work and by continuous exposure to real life situations presented by managers from the private or public sector.

(5) Such competence will be achieved by giving students the following knowledge and skills:

Theoretical and practical understanding of the most important elements in working relations and competition in and between different creative markets; Theoretical and practical understanding of the emergence of new creative businesses and new forms of business or customer relationships as a consequence of the internet and other electronic communication technologies; Analytical and action-oriented skills towards strategic problems faced by the creative company or creative section within larger companies.

The CBP program enables students to work with complex questions that bridge traditional lines of division within companies and in the public discourse. Insights relevant when dealing with artistically motivated individuals, groups and communities are combined with commercial logic's of competitive markets and their legal framing. The balance between stable elements, repetitive processes and innovative dynamics in creative business processes are investigated as a cross-cutting theme and as part of the hands-on assignments.

(6) The program of Management of Creative Business Processes prepares the student for analytically oriented positions that can serve as a background for later achievements in creative industries in particular and in business in general.

(7) By means of his/her project work, the student will furthermore acquire knowledge and skills within concrete problems of a both qualitative and quantitative nature. Through the elective courses or the progression courses in the 3rd semester, the student will be able to acquire concrete knowledge within specific market types and creative products.

(8) The program is function-oriented and aims at qualifying the candidate to immediately assume the responsibilities of assistant to a function manager, or undertake a consulting job or staff position, typically within the creative industries, without having to undergo a lengthy period of training.

## Competency profile

## Master's thesis

**4A.** The master's (candidatus) thesis must be the last element finalizing the programme. The Study Board may grant an exemption from this provision, if warranted by extraordinary circumstances, or when one or more preceding courses or course elements have not yet been passed.

(2) The deadline for submitting the thesis contract is 15 December in the student's 3<sup>rd</sup> semester.

(3) The thesis block consists of the preparation of a written Master's thesis for the purpose of testing the student's ability for in-depth studies of academic areas and independent description, analysis and processing of a complex issue at Master's level.

(4) The student chooses the topic of the Master's thesis within the overall topic and academic profile of the programme concentration. In extraordinary cases the Study Board may approve a deviation from this rule.

(5) The topic delimitation of the Master's thesis must be approved prior to the start of thesis supervision. At the time, a deadline for handing in the thesis must be set together with a plan for the supervision. Further reference can be found in Guidelines on submission deadlines for Master's theses at CBS.

(6) When working on the master's thesis the student is entitled to guidance to a predetermined extend.

(7) If the student is unable to hand in his/her thesis within the established deadline, a new three month deadline will be set and revised research question specified. Non-submission of the Master thesis by the deadline count as an examination attempt.

(8) The Master's thesis must be written and handed in in English.

## Elective courses/Internship

**4 B.** The elective course block on the 3rd semester consists of two-four courses selected from within or out-sides of the programme's academic area. Elective courses are organised into two types:

a. Elective courses for which examinations are held on the Master of Science (MSc) in Social Sciences programme at CBS: These may be electives that build on concentration courses, thus offering the opportunity for further in-depth studies into the overall topic of the programme concentration (so-called progression courses, which are only available to students enrolled on the

programme concentration), or regular elective courses that offer insight into different areas than the concentration-specific courses.

b. Elective courses for which the student receives credit based on an examination passed at one of the other Master's programmes at CBS or another institution of higher education in Denmark or abroad: Credit transfer is approved by the Study Board subject to an assessment of the overall scope and level of the programme. The Study Board provides more detailed rules on the procedure of advance approval of elective courses for which students wish to receive credit transfer.

(2) The elective courses listed in (1) a. are usually offered by the programme concentrations or by CBS Departments. Electives may also be organised on the initiative of a group of students (study groups). The setting up of study groups is subject to approval by the Study Board and requires that an appropriate number of students wants to take part in the group, that an instructor takes responsibility for the activities of the group, and that the programme have sufficient resources to accommodate the study group. Study groups may be approved with a reduced resource allocation.

(3) For each academic year, the Study Board will decide which of the elective courses mentioned in (1) a. will be offered. The decision on which courses are offered is made on the basis of the number of students registered for the course, the academic profile of the programme and the programme concentration, and allocated teaching resources. In that connection, the Study Board will determine the number of direct teaching hours for each course.

(4) The Study Board may approve that students in connection with Project-oriented Internship /Anthropological field study hand in a Term paper. The Term paper must cover 7,5 ECTS or 15 ECTS and be of max. 15 or max. 25 pages. The curriculum of the Term paper must be different from the curriculum of the Programme's first year and this must be certified by the Internship coordinator of the relevant Programme. Moreover, the Internship coordinator must approve of the Project-oriented Internship/ Anthropological field study as well as the subject of the Term paper. The Study Board determines in detail the guidelines regarding curriculum and maximum number of pages of the Term paper as well as the conduction of the Project-oriented internship/ Anthropological field study.

### Prerequisites for registering for the exam – compulsory activities

**5A.** The following courses have compulsory assignments or requirements about active class participation, see section 13. Further specifications and regulations are listed in the relevant course description in the [online course catalogue](#)

Course	Number of mandatory activities
<a href="#">Generating and Managing Creative Ideas</a>	2

### Body of external examiners

**6.** This degree programme is covered by the body of external examiners for the business administration programmes.

### Pass requirements

**7.** The general pass requirements are stipulated in section 26.

**8.-10.** (Not in use.)

## **Part 2: General regulations for master's (candidatus) programmes**

**11.** The teaching is organised in collaboration with the Programme Director, the course coordinators and the teachers. The Study Board approves the organisation of the teaching.

### **Examination language**

**12.** Examinations are conducted in English; see however subsection (2).

(2) If a course has been taught in a language other than English, the examination is conducted in that language.

(3) The Study Board may decide to deviate from the rules stipulated in subsections (1)-(2), except when documenting the student's skills in a specific other language is part of the objective of the examination.

(4) The provisions in subsections (1)-(2) apply to oral and written sit-in examinations and to all types of written take-home assignments (seminar papers, projects etc.) subject to assessment.

### **Prerequisites for participating in the exam: compulsory assignments and requirements about active class participation**

**13.** Besides the examinations listed in section 5, which are included in the final grade point average, on some courses it is a requirement that one or more assignments are submitted, as part of the teaching (so-called compulsory assignments). In order for students to participate in the final examination of the course in question, it is a condition that, within a set deadline, the required number of compulsory assignments have been submitted and that the assessment 'Approved' has been achieved. Further specifications regarding the number of compulsory assignments, format etc. are stipulated in the examination regulations of the individual courses.

(2) If a student does not, within the set deadline, fulfil the requirement of achieving the result 'Approved' for the required number of compulsory assignments for a specific course, the student has the right to submit extra assignments. However, it is a condition that the student has submitted all set assignments, unless failure to submit was caused by illness or a condition equalled with illness.

(3) Besides the examinations listed in section 5, which are included in the final grade point average, on some courses there is a requirement of class participation in order to participate in the exam in the course; it must be a well-defined part of the teaching (e.g. presentation seminars, case projects etc.). Further specifications are stipulated in the examination regulations of the individual courses, see also section 27(3).

### **Course and exam registration**

**14.** Students who are enrolled on a course with one or more examinations are automatically registered for this/these examinations. The deadline for withdrawal of registration is 1 month before the start of the examination in question.

(2) If the deadline for withdrawal from an examination is not met, the examination will be considered started, and it will therefore count as one attempt, see section 27(1).

(3) The deadline for registering for a make-up exam or a re-exam is 14 days before the start of the examination in question. After the expiration of the deadline, it is not possible to de-register for a make-up exam or a re-exam for which the student has actively registered.

(4) The deadline for registering for an examination in a course on which the student is not enrolled is determined on the student intranet.

(5) The Study Board may waive the rules stipulated in subsections (1) and (2), including the specified deadline, if warranted by extraordinary circumstances.

(6) When selecting students for elective courses, a draw is made among the students who fulfil the conditions for taking the elective course in question if there are more applicants for the course than there are available places.

(7) When the Programme Director has stipulated a deadline for submission of the master's (candidatus) thesis, withdrawal of registration is not possible, and students who fail to submit their thesis within the deadline have used an examination attempt, see section 27(1), see however subsection (8).

(8) Under special circumstances, the Study Board may grant exemptions from the rules concerning registration set out in subsection (7).

### **Make-up examinations and re-take examinations**

**15.** Students who can provide documentation proving that due to illness or conditions of a similar nature they have been unable to complete an examination, are entitled to sit a make-up examination, see however subsections (2) and (3). Other special circumstances such as accidents and serious illness or death in the immediate family are defined as conditions similar to illness. If other exceptional circumstances prevent a student from participating in an examination, the matter may be brought before the Programme Director, who may grant the student permission to participate in a make-up examination.

(2) A make-up examination is only available to students who have been registered for the regular examination. Thus, a make-up examination will not be held for students who have been prevented from sitting a re-examination due to illness.

(3) The make-up examinations will be held as soon as possible after the regular examination, i.e. usually in the same examination period or immediately after. In the winter examination period, make-up examinations are held in February at latest. In the summer examination period, make-up examinations are held in August at latest. About registration deadlines, see section 14.

(4) The rules regarding registering for a make-up examination and the documentation requirements etc. are stipulated in CBS' rules regarding participation in make-up examinations.

**16.** Students who have been awarded the grade of 00 or below or the assessment 'Fail' at a regular examination are entitled to register for the re-take examination, see however subsections (2) and (3).

(2) A re-take examination is only available to students who have sat the regular examination. No re-take examination is held for a student who fails a make-up examination.

(3) Re-take examinations are held as soon as possible after the regular examination, i.e. in the same examination period or immediately after. In the winter examination period, re-examinations are held in February at latest. In the summer examination period, re-examinations are held in August at latest. About registration deadlines, see section 14.

(4) Sitting a re-take examination counts as one more attempt at the examination in question.

**17.** Make-up examinations and re-examinations are subject to the learning objectives of the regular examination of the examination in question.

(2) Make-up examinations and re-examinations are conducted according to the examination regulations of the regular examination of the exam in question, except when:

1. the examination regulations for the examination in question explicitly contain differing provisions for make-up examinations/re-take examinations (see subsection (3)), or
2. it is a written examination and the number of registered candidates for the make-up examination/re-take examination warrants that it may most appropriately be held as an oral examination.

(3) It is not possible to determine another examination form for the master's thesis.

#### **Extraordinary re-exams and offers of re-assessment/re-exam**

**18.** If an extraordinary re-examination is arranged or offered in accordance with section 19 of the Examination Order (regarding examination irregularities) or the offer of a re-evaluation/re-examination is given in accordance with section 34 or 39 of the Examination Order (regarding assessment complaints), the re-examination is subject to the learning objectives of the regular examination of the examination in question.

(2) To the widest extent possible, examinations under subsection 1 will be conducted in accordance with the regulations of the regular examination. In the event that this is not possible due to the examination format, the extraordinary re-examination may be conducted in accordance with the regulations of the make-up examination/re-take examination of the examination in question.

#### **Examination forms**

**19.** Examinations are organised as individual examinations or as group examinations. The specific examination form of a given examination, including whether it is an individual or a group examination, or a mixture of the two, is stated in the relevant course description, see links in section 5.

(2) At both individual and group examinations the student's individual performance must be assessed, and grading must be individual, see subsections (3)-(4).

(3) At oral group examinations the individual student must be examined in such a way that it is ensured that the student's individual performance is assessed.

(4) If a written product is produced by more than one student, and if there is no oral defence of the product, the students must show what their individual contributions are, and in such a way that it is ensured that individual assessment is possible.

(5) For group examinations, see subsection (1), rules about those of the following factors that are relevant for the examination form in question must be stated in the regulations of the individual examination:

1. maximum group
2. the allotted time at the oral examination – see subsection (3)
3. requirements regarding individual contributions – see subsection (4).

(6) Where it is stipulated in the regulations of a given examination that it is a group examination, it is possible for the student to take the examination as an individual examination, unless the regulations of the examination in question state otherwise. When the examination in question contains both a written and an oral part, both parts must then be taken as an individual examination.

(7) When it is an oral exam based on a written product, the following applies to all variations:

1. Submission of the written product is a requirement to be able to attend the oral examination.
2. Both the written product and the oral presentation count in the assessment.
3. The assessment is an overall evaluation of the written product and the oral presentation.

## **Examination rules**

**20.** All students have an obligation to familiarise themselves with and to observe the examination rules of the examinations which they participate in, including the general rules that apply to the individual examination. Those rules are in particular:

- The examination rules, as stipulated in the relevant course description, see links in section 5.
- *Rules about written sit-in examinations at CBS, including rules about electronic aids, see section 21(3).*
- *Rules on good academic conduct, see section 4 of *Copenhagen Business School's rules and regulations on academic conduct, including penalties.**

(2) Students are not permitted to make audio and/or picture recordings during an examination or the examiners' discussion of a student's performance.

(3) It is stipulated in the examination regulations of the individual examination what the maximum number of pages is for a given written product. In addition, the following applies:

1. In the page count the front page, the bibliography and any appendices are not included. Appendices are not part of the assessment.
2. All pages must have a margin of min. 3 cm in top and bottom and min. 2 cm to each of the sides. The font must be minimum 11 points.
3. Tables, diagrams, illustrations etc. are not included in the number of characters, but will not justify exceeding the maximum number of pages.
4. On average, one page must not contain more than 2.275 characters (including spaces).

(4) All written products composed at home must contain – in all copies submitted for assessment – a declaration of authorship.

(5) Any violation of rules and regulations under subsections (1)-(2) will be sanctioned in accordance with *Copenhagen Business School's rules and regulations on academic conduct, including penalties.*

(6) Violation of form or layout requirements stipulated in subsection (3)-(4) or form requirements laid down under section 19(4) may result in a rejection of the exam paper, see section 22(3) of the Examination Order. If the exam paper is rejected, it will not be assessed, and the student will have used an exam attempt.

### **Examination aids**

**21.** The examination aids that students are allowed to bring with them to written sit-in examinations are specified in the examination regulations of the individual examination/course.

(2) Unless otherwise stated in the examination regulations, see subsection (1), no examination aids, whether written or technical, are allowed in the examination room, except simple writing and drawing utensils.

(3) In cases where the examination regulations, see subsection (1), stipulate that electronic aids can be brought to the examination room, the provisions stipulated in *Rules about written sit-in examinations at CBS, including rules about electronic aids* apply.

(4) In cases where the Study Board decides that a written examination will be conducted using CBS' computers, the provisions stipulated in *Rules about written sit-in examinations at CBS, including rules about electronic aids* apply, and which examination aids are authorised may be adjusted, however, not to an extent that will alter the academic level of the examination. Should the Study Board decide to use this option, students must be informed of the decision at least 2 months prior to the final examination date.

### **Examinations under special circumstances**

**22.** The Study Board may decide to deviate from the examination regulations stipulated for the individual examination with the purpose of allowing students with special needs to sit examinations under special circumstances. Such exemption can be granted to students who are physically or mentally disabled, to students whose mother tongue is not Danish, and to students who have similar difficulties when this is considered necessary in order to place them on even terms with their fellow students in the examination situation. It is a condition that it does not change the academic level of the examination.

(2) When it is stipulated in the objectives of the examination in question that the student's spelling and writing skills are included in the assessment, the Study Board may grant exemption from this to a student who is able to document a relevant and specific impairment.

(3) Students who wish to apply for permission to sit an exam under special circumstances according to subsection (1) or apply for an exemption according to subsection (2) must submit an application, including the necessary documentation, to the Programme Office no later than 2 months before the exam is to take place.

### **Sitting examinations abroad**

**23.** When special circumstances warrant it, a student may be granted permission to sit an examination at a Danish representation or elsewhere abroad. The conditions and regulations concerning such exams are described in CBS' guidelines for examinations conducted abroad.

### **Assessment**

**24.** Examinations are either internal or external:

- Internal examinations are assessed by one or more teachers (internal examiners) appointed by CBS from among the teachers at the university or from other universities that offer the same or similar study programmes.
- External examinations are assessed by one or more internal examiners and one external examiner (in Danish: censor) appointed by the Danish Agency for Higher Education.

(2) It is stipulated in the exam regulations of the individual examination whether it is an internal or an external examination, see link in section 5.

(3) Assessment of the examinations is carried out in accordance with the Grading Scale Order.

(4) Compulsory assignments and class participation, see section 13, are assessed by the teacher(s) of the specific course. The assessment type 'Approved/Not approved' is used.

### **Announcement of results**

**25.** In connection with examinations where the result is not announced immediately after the examination, the result must be announced within 4 weeks after the examination has been held, see however subsection (2). The month of July is not included in the calculation of these 4 weeks.

(2) In connection with bachelor projects, master's (candidatus) theses and master's projects, the result must be announced no later than 2 months after the project/thesis has been submitted. The month of July is not included in the calculation of these 2 months.

(3) When special circumstances warrant it, the Programme Director can set aside the deadlines stipulated in subsections (1) and (2). If the assessment cannot be completed by the fixed deadline, the student(s) must be notified as soon as possible and be informed about the reason for the delay and when the result will be announced.

### **Pass requirements**

**26.** Each examination must be passed separately. An examination shall be passed when the student achieves a grade of at least 02 or the assessment 'Pass'.

(2) Each examination can be retaken separately. However, passed examinations cannot be retaken.

(3) If a grade consists of several partial grades for various categories of performance (partial examinations), the grade shall be the average of the partial grades, rounded off to the nearest grade on the grading scale, see however subsection (4). The grade shall be rounded up if the average is half-way between two grades.

(4) If the partial grades are given different weights when the combined grade is to be calculated, this is stipulated in the exam overview in section 5. If so, the grade shall be the sum of the individual grades, each multiplied by the weighting of the grade, divided by the sum of the weightings and then rounded off to the nearest grade on the grading scale. The grade shall be rounded up if the average is half-way between two grades.

(5) If an examination consists of partial examinations, each partial examination can be retaken separately. However, passed partial examinations and not-passed partial examinations that are part of a passed examination cannot be retaken.

(6) Any requirements about a certain grade on the grading scale being required as achieved in one or more partial examinations are stipulated in section 7.

(7) The calculation of the overall grade point average is based on the weights of the individual grades, which are listed in the table in section 5.

(8) If a student retakes an examination or another type of assessment, the highest grade applies – see however section 35(4) of the Examination Order.

**27.** Students have a maximum of three attempts in passing each examination, see however subsection (2). The Study Board may grant more attempts, if warranted by special circumstances. The question of academic aptitude may not be included when assessing whether special circumstances apply.

(2) No later than 16 months after the end of the teaching of the course, the student must participate in the third examination attempt if the course is no longer offered.

(3) Students who are to have their class participation assessed a second time may require an examination instead. However, where class participation includes practical exercises, it cannot be replaced by an examination.

### **Diploma**

**28.** CBS issues a diploma to students who have completed their study programme, in accordance with the requirements stipulated in section 29 of the Examination Order. The diploma is issued to the graduate no later than 2 months after the announcement of the result of the final examination. July is not included in the calculation of these 2 months.

(2) Students who leave the programme without having completed it are entitled to receive a transcript documenting the completed parts of the programme, with the relevant number of ECTS credits stated.

### **Leave**

**29.** A student may be granted leave from the programme on personal grounds. The specific rules for obtaining leave and the provisions that apply to students while on leave are stipulated in CBS' *Rules regarding leave on bachelor and master programmes at CBS*.

### **Programme regulations**

**30.** The programme regulations and various regulations etc. referred to in this document are publicly available on CBS' website, more specifically on [studieordninger.cbs.dk](http://studieordninger.cbs.dk) and in the [study administrative rules \(SAR\)](#).

### **Exemption from the programme regulations**

**31.** The Study Board may, when warranted by special circumstances, grant exemption from provisions in the programme regulations which are not stipulated in ministerial orders, but established by CBS exclusively.

(2) An exemption from the programme regulations that requires an exemption from a ministerial order may be brought before the Danish Agency for Higher Education.

## **Credit transfer**

**32.** Programme elements passed at another university are regarded as equivalent to corresponding programme elements covered by these study regulations.

(2) The Study Board may grant approval for students to substitute passed programme elements from another Danish or foreign programme of the same level, for programme elements covered by these regulations.

(3) Decisions under subsections (1) and (2) are made on the basis of a professional assessment.

**33.** Students who, as part of their studies, wish to complete programme elements at another university or another institution of higher education in Denmark or abroad may apply to their home university for pre-approved credit transfer for planned programme elements.

(2) Approval of pre-approved credit transfer pursuant to subsection (1) may only be granted if, in connection with the application for preapproved credit transfer, the student undertakes to submit to the home university the necessary documentation to show whether the programme elements have been passed or failed upon completion of the programme elements for which pre-approved credit transfer has been granted. Students must also consent to the home university requesting the necessary information from the host institution if students are unable to procure the documentation themselves.

(3) Once documentation is available that the student has passed the programme elements for which pre-approved credit transfer has been granted, the home university administratively approves the transfer of the credit to the relevant programme at the university.

(4) In cases where the programme elements for which pre-approved credit transfer has been granted are, for example, not offered by the host institution, the university may, upon the student's request, change the approval of pre-approved credit transfer pursuant to subsection (1). The student is responsible for and is obliged to take the initiative to compose a proposal for a study plan. The university offers academic support if requested by the student.

(5) Decisions under subsections (1) and (4) are made on the basis of a professional assessment.

(6) Credit transfer of Master theses is not possible when the thesis is the basis of the awarding of a different title in another Master programme.

**34.** Programme elements which students wish to have transferred from other programmes will be transferred on the basis of the normalised workload specified in ECTS points and stipulated in the relevant degree regulations. Due to the structure of the programme, discrepancies may occur between the equivalent number of ECTS credits and the actual amount of ECTS transferred, as the number of ECTS credits for the programme must total the number of ECTS credits stated in section 1(1).

(2) If the programme element in question is assessed according to the 7-point grading scale or the 13-point grading scale at the academic institution at which the examination was taken, and if this programme element equates or replaces a programme element which according to the exam regulations of these study regulations is assessed according to the 7-point scale or the 13-point scale, the grade will be transferable, but converted into the 7-point scale if assessed according to the 13-point scale. In all other cases, the assessment will be transferred as 'Pass'. Examinations transferred as 'Pass' are not included in the calculation of the final grade point average.

**35.** Applications for pre-approval or credit transfer must be sent to the Programme Office, addressed to the Study Board, on a special form and with the necessary documentation enclosed. See guidance on credit transfer applications on the student intranet.

(2) Concerning complaints about credit transfer decisions, see part 3.
