

Minor in Environmental, Social, Governance (ESG): Metrics, Reporting and Sustainable Investments

Description

The Minor concept

A minor gives you the opportunity of having a second specialization in your degree. The minor is a bundle of three to four electives that can be chosen separately but if chosen together rewards a minor.

In order to gain the minor certificate on ‘*Environmental Social and Governance (ESG): Metrics, Reporting and Sustainable Investments*’ the bundle of the three courses has to be taken.

Purpose

This minor is designed to immerse students into the global sustainability challenges embarked upon by institutional investors, investment firms and innovative companies, to develop strategy, management systems, metrics, data quality and ESG reporting. Students will gain a sound theoretical understanding in the area of ESG accounting and reporting together with technical understanding that will equip students to understand, among other things; carbon accounting, materiality matrixes and voluntary versus mandatory ESG disclosures. Students will also gain first hand knowledge and experience in the field of sustainable and responsible investments. Still further the minor includes an applied course where students will be presented cutting edge case-studies allowing for theoretical understanding to be applied to real life cases.

Structure

The below table lists the structure and the ECTS credits of the individual courses. The course descriptions are available in the [online course catalogue](#). Direct links are inserted in the below table.

Course	ECTS
ESG, Sustainable and Impact Investments	7.5
